Gravity Lies

Red

Verse 1:
Take it away, I never thought I'd let it grow
This cancer inside, the villain plays the victim so well
Make Me Believe, I drink the lies, this suicide
Just Put Me To Sleep, Fall Over MeLies! Lies! Lies! Lies!
I taste the... Lies! Lies! Lies!Chorus:
Fight, While I'm Alive
I See You Now
No Less Than Light
Break, you're falling away (Falling away)
Gravity lies
I feel it die
Gravity diesVerse 2:
Buried alive, an innocence cannot withstand this
Language of lies, to poison all the words you swallow
Wait for the scream, you realize it's all a lie
And still you betray, I'll throw you awayLies! Lies! Lies! Lies!
I drink the... Lies! Lies! Lies!Chorus:
Fight, While I'm Alive
I See You Now
No Less Than Light
Break, you're falling away (Falling away)
Gravity lies
I feel it die
Gravity diesBridge:
Fight, While I'm Alive
I See You Now
No Less Than Light
Break, you're falling away
Gravity lies
I feel it dieChorus:
Fight, While I'm Alive
I See You Now
No Less Than Light
Break, you're falling away (You're falling away)
Gravity lies
I feel it die
Gravity dies!I Feel You Now
Gravity lies

I feel it die
Your gravity dies!
