Only Human

Lyla Foy

Held a postcard over my two lips
I'll relate to you through this
We don't joke about it with a winkI don't speak a word to him
Oh I just lended it()
Someone's given me a box to open
I wanna say I'm only human
Your love's given me a whole new energyI wanna say I'm only human
Left it on a note so you could read it
Softer than a whisper for now
On a tightrope with a drop that kills
Underneath me is the world I'm left in
If I touch it will it stop my dreams
Round and round they call it sleep
