Yout' Juice

Bad Brains

All the time she's looking fine
Admiration ain't no crime
Jah created her great use

blessed with life yout' juicePonce de Leon never found the fountain of youth blessed in Zion, yout' juice

Ponce de Leon never found the fountain of youth blessed in Zion, yout' juiceSome may say baby go away

Batty Bwoi you're doomed today Don't overreact like others do

turn your back on someone true

Free hold on tight

It's a very short life

Call it what you may

Don't complain

All in all it's been a life boost

Blenders from Zion

Talking about yout' juicePonce de Leon never found the fountain of youth blessed in Zion, yout' juice

Ponce de Leon never found the fountain of youth blessed in Zion, yout' juiceso all the time she's looking fine Admiration ain't no crime Jah created her great use

blessed with life yout' juicePonce de Leon never found the fountain of youth blessed in Zion, yout' juice..True

Ponce de Leon never found the fountain of youth

blessed in Zion, yout' juice
