

Nude As The News (live @ Opera House 9-6-99)

Cat Power

I still have a flame gun
For the cute cute cute ones And I saw your hand
With a loose grip
On a tight ship I still have a flame gun
For the cute ones
To burn out all your tricks
And I saw your hand
With a loose grip
On a very tight ship And I know
That in the cold light
There's a very big man
There's a very big man
Leading us into
Temptation Jackson, Jesse, I've got a son in me
Jackson, Jesse, I've got a son in me And he's related to you
He's related to you
He is waiting to meet you He's related to you
He's related to you
He is dying to meet you Backhand, role reversal
Where is someone
Backhand, reversible roles
I know there's someone I still have a flame gun
For the cute ones
To burn out all your tricks
And I saw your hand
With a loose grip
On such a tight ship And I know that in the cold light
Is a very big man
Leading us into
Temptation Jackson, Jesse, I've got a son in me
Jackson, Jesse, I've got the son in me And he's related to you
He's related to you
He is waiting to meet you He's related to you
He's related to you
He is dying to meet you He's related to you, he's related to you
He's related to you, he's nude as the news Nude as the news, nude as the news, nude as the news
All over, all over, all over, all over, all over, all over, all over, all over you
