Now's The Time

Charlie Parker

Now's the time to say that we're through
Now's the time because I'm through with you
You treated me so bad
What a time I had
With you oh yeah times are bad times are bad
I recall the times that used to be
We went out together happily
Then he came along
I knew that it was wrong

to treat me so oh yeah times are bad times are bad
I miss the times
I feel so blue Without you my heart
it's just runaway
verse 1
chorus
