

# Please

## Toni Braxton

I know you watch, all over here  
Tryna find a way to come into my situation  
But you should know this  
It's all good so be cool Tell your girl I don't care to fight  
I got him locked and he's all mine  
So you should know better than  
To think that you could ever put it down like I can If he needs good lovin'  
(I got it)  
If I need to heat it up  
(I got fire)  
Make sure I'm the best for  
(For him, sure)  
He's running home to me for it And he knows what ever he wants  
(That I'm with it)  
And he knows the perfect place  
(To come get it)  
And he knows that every woman's in me  
Fall back and just let me be I gotta breathe please, back up off of me  
(Uh oh, uh oh, uh oh)  
I gotta breathe and just be  
Breathe, please, in case y'all didn't hear me, yeah yeah  
I gotta breathe so let me breathe, please You're in violation, let me help you understand  
Before we have a problem, I could take it there  
When it comes to my man  
Please don't let me solve 'em Everyday is a holiday  
Everyday's our anniversary  
You should think about the time you waste  
'Cause my last name ain't gon' change If he needs good lovin'  
(I got it)  
If I need to heat it up  
(I got fire)  
Make sure I'm the best for  
(For him, sure)  
He's running home to me for it And he knows what ever he wants  
(That I'm with it)  
And he knows the perfect place  
(To come get it)  
And he knows that every woman's in me  
Fall back and just let me be I gotta breathe please, back up off of me

(Uh oh, uh oh, uh oh)  
I gots to breathe and just be  
Breathe, please, in case y'all didn't hear me, yeah yeah  
I gots to breathe so let me breathe, please
