323

Daniel Wohl & Transit

Well, every date I've been on, I've been sitting in your seat
Well, I don't know many people been as good to me as youYou've been good to me, good to me, rolling in my 323
You've been good to me, good to me, rolling in my 323It's Friday night and I can't wait
Mom don't care if we get home late'Cause you've been good to me, good to me, rolling in my 323
You've been good to me, good to me, rolling in my 323'Cause you've been good to me, good to me, rolling in my 323
You've been good to me, good to me, rolling in my 323Never don't stop big Japanese heart, yeah
If you ever do I can always get parts, yeah'Cause you've been good to me, good to me, rolling in my 323
You've been good to me, good to me, rolling in my 323
