## Daniel Wohl & Transit

Well, every date I've been on, I've been sitting in your seat  
Well, I don't know many people been as good to me as you  
You've been good to me, good to me, rolling in my  
323  
You've been good to me, good to me, rolling in my 323  
It's Friday night and I can't wait  
Mom don't care if we get home late  
'Cause you've been good to me, good to me, rolling in my 323  
You've been good to me, good to me, rolling in my 323  
'Cause you've been good to me, good to me, rolling in  
my 323  
You've been good to me, good to me, rolling in my 323  
Never don't stop big Japanese heart, yeah  
If you ever do I can always get parts, yeah  
'Cause you've been good to me, good to me, rolling in my 323  
You've been good to me, good to me, rolling in my 323
