Wide Boy

Foghat

Baggy suit and flashy tie

Blue of knuckle, red of eye

He's one of the boys, he's a wide boyHe'd sell his mother for a quid

Rumor has it that he did

He's one of the boys, he's a wide boyHe used to be his father's pride

'Til he spent a year inside

He's one of the boys, he's a wide boySix feet from shoulder to shoulder

And five feet from the ground

Iron fists, a head like a boulder

A friend like that is good to have aroundAt the club he's set to pounce

Girls to chat and boys to bounce

He's one of the boys, he's a wide boySix feet from shoulder to shoulder

And five feet from the ground

Iron fists, a head like a boulder

A friend like that is good to have around(Wide boy)

Wanna buy a stereo?

(Wide boy)

Heard you got a truckload

(Wide boy)

Need a color TV, too(Wide boy)

I'm in a spot of trouble

I need assistance at the double

(Wide boy)

It's good to have a friend like youNever rich and never poor

(Never poor)

Just a step outside the law

(Outside the law)

He's one of the boys, he's a wide boyHe's one of the boys, he's a wide boy He's one of the boys, he's a wide boy
