

# Friendly Skies

## Missy 'misdemeanor' Elliott

Yeah  
A little slow jam Kiss me, hold me  
The weatherman says it's gonna be  
Cold tonight  
Whatever man  
Whatever, whatever, whatever, whatever, whatever  
Whatever man you wanna do  
I'll be the pilot  
Don't miss your flight I'm stewardess of the plane  
Can you feel the turbulence and maintain  
Please refrain, stay in your seats  
Until we reach the game I'm stewardess of the plane  
Can you feel the turbulence and maintain?  
Please refrain, stay in your seats Take me higher  
Let's just go for a little  
Joy ride  
Whatever man  
Whatever, whatever, whatever, whatever  
Let's stay, buckled up  
And let's make love  
Across the friendly skies, yeah yeah I'm passenger of this plane  
I feel the turbulence I maintain  
I will refrain, stay in my seat  
'Till I reach the game I'm passenger of this plane  
I feel the turbulence, I maintain  
I will refrain  
I stay in my seat I want you  
Baby baby, I want to  
Baby you know what I want  
I really really wanna, fuck you  
Sho nuff wanna, fuck you I want you  
Baby baby, I want to  
I know you know what I want  
I really really wanna, fuck you  
Sho nuff wanna, fuck you Is there anything that you want?  
Is there anything that you need?  
Call on me, Ginuwine  
Call on me, Ginuwine Is there anything that you want?  
Is there anything that you crave?

Call on me, Ginuwine 'Cause I'm a passenger of your plane  
Yeah Missy fly with me  
Missy fly with me, fly with me  
Missy drive with me  
Missy drive with me, drive with me
