# All My Lovin'

## Coko

You were there when I needed you the most baby
That's why I feel, I gotta keep it real
I loved you until that day you cheated on me
You did me wrong, that's why I'm halfway gone, yeah, yeah(Because there's someone else I trust)
But I can't help wondering about if you didn't cheat
What would this someone mean to me
Just because when he found me
(Now who's to say this isn't love)
I was so weak, then he showed me how true love should beIf you want my lovin' why did you give to me
So much pain, you hurt me, now you're history
Now your love has changed me
Never one to take the blame is you, you, you, youNow that you made your choice to choose another one
I feel that it's time, I've made up my mind
I can't hold on to broken love, another day
It's other then why, I have to say bye, oh(Because I have to move on)
You had me and you broke my heart
(All that we had is gone)
I'm gonna make a brand new start(See he gave me trust again)
He is my lover and my friend
(And I will never cry again)
Because in his world of love he took meIf you want my lovin' why did you give to me
So much pain, you hurt me, now you're history
Now your love has changed me
Never one to take the blame is you, you, you, youIf you want my lovin' why did you give to me
So much pain, you hurt me, now you're history
Now your love has changed me
Never one to take the blame is you, you, you, youIt was in you that I put all of my trust
Gave you my life, my life
Why you hurt me I just don't know
All the nights you left me here alone
I cried, all night, it's alright, it's alright
Now true love is what I knowIt was in you that I put all of my trust
Gave you my life, my life
Why you hurt me I just don't know
All the nights you left me here alone
I cried, all night, it's alright, it's alright
Now true love is what I knowIf you want my lovin' why did you give to me
So much pain, you hurt me, now you're history
Now your love has changed me

Never one to take the blame is you, you, you, youIf you want my lovin' why did you give to me
So much pain, you hurt me, now you're history
Now your love has changed me
Never one to take the blame is you, you, you, youIt was in you that I put all of my trust
Gave you my life, my life
Why you hurt me I just don't know
All the nights you left me here alone
I cried, all night, it's alright, it's alright
Now true love is what I know
