Get Me Some

Will Wilde

Right now everything sucks
I can't express the things I want
I got to play in this game
And you know how dumb the house rules areSomeday I'm gonna break out of here
And I will find what is true in my soul, I won't let go
I work my skin to the bone because
I'm not gonna give up, I'm not gonna give upI've gotta get me some
I've gotta live my life
I've got a heart that beats
And nobody else has timeThey ain't gonna keep me down
'Cause I've gotta reach the top
I've gotta get me some
I've gotta have my rock
I've gotta get me some now, babyI'll pose in the magazine
I'll be on the satellite TV
In Detroit Metal City
With ten thousand people just like meThey'll all be singing along
And the girls will show me their love high up above
I ain't never coming back
I be out with my brothers, I'm out with my brothersI've gotta get me some
I've gotta live my life
I've got a heart that beats
And nobody else has timeThey ain't gonna keep me down
'Cause I've gotta reach the top
I've gotta get me some
I've gotta have my rock
I've gotta get me some now, baby
I've gotta get me some now, babyI've gotta get me some
I've gotta live my life
I've got a heart that beats
And nobody else has timeThey ain't gonna keep me down
'Cause I've gotta reach the top
I've gotta get me some
I've gotta have my rock
