You Know What

N*E*R*D

At first it started with the eyes, I'm like uh-uh,
No way yo sister cant know
And so the tension slowly build,
You got them slanted eye, ya kills, all systems go
Then you kiss my cheek, my knees get weak,
My heart just skipped a beat, so I just froze
When you touch me there, I knew you would,
And girl you touched me good, I'm like uh-oh.Oh girl[Chorus]
You Know What [Repeat x4]
I'm Sorry [Repeat x4]
It Hurts Me
It hurts you
It hurts me
What you do
Was so good
So good [Repeat x3]Let me show you where ya went wrong,
You know that our sex took us to and fro
Then you had the nerve to say you're hurt,
And fix your mouth to blame the Cuervo
Then in me confide, ya compromising,
I'm just like, you know what you chose.
I don't wanna say it again, but here goes, fuck it, were just friends,
Now where's my clothes?[Chorus]What am I gon' do when I cant get anymore, I'd rather not know.
Cause, if you wanna know the truth, nobody make me cum like you,
I just rollo.
I can't let my mind, think of you, I'll hit that dial and get you, on the phone.
Cause baby, it's just not the physical, I got wit you,
I'm addicted to your moan.[Chorus]The rumors [Repeat x3]Bridge) This ain't right (Ya know it so), ya know I want it (Ya know it so,)
Ya know I want it (Ya know it so), (Ya know it so)
Girl this ain't right (Ya know it too)
Ya know I want it (Ya want it too)
Ya know I want it (Ain't mad at you)You try to keep yo feelings inside the rope,
But then you wave me down when ya see me like, hey hello
As ya know, he never cared of a public place, I see it in ya face,
And theres a mad different time to go, how we gon' stop?[Chorus]Your friendship means the most to me [Repeat x2]
