

# Love Train

## Holly Johnson

You're a work of art  
You're the Trevi Fountain  
You're a golden heart  
You're the highest mountain.  
You bring me flowers every day of my life  
You save me from the worry and the strife.

Take me in your arms  
    baby  
    baby  
I'm on a winning streak  
When I met you I reached my peak.  
Your perfect view makes me feel brand-new  
    yeah  
    Well  
you're just right to keep me up all night  
    up all night.

Working all the time to make you mine all mine  
    yeah  
Riding the love train  
    stroke it up  
    riding the love train.  
Lovin' all the time to keep you feeling fine  
    yeah  
Riding the love train  
    stroke it up  
    riding the love train.

You make time stand still  
Your children laughter  
    love's overspill  
    I'll come running after.  
You bring the spring right through my door  
You're everything that's worth living for.

Thrill me with your charms  
    baby  
    baby  
    baby

me knees are weak  
I need you now  
don't play hide and seek.  
No times long enough  
leaving you is tough  
You're just right to keep me up all night  
up all night.

Refrain

Keep the flames burning  
let your spirit fly  
Stay on the right track  
    baby  
    till the day I die  
Keep the coal coming.

Baby  
    baby  
I'm on a winning streak  
When I met you I reached my peak.  
Your perfect view makes me feel brand-new  
    yeah  
    Well  
you're just right to keep me up all night  
up all night.

Refrain (2x)

---
