Something to Do With Your Hands

Sarah Darling

You're the hardest working man in this town
Sun up to sun down
You're always formulating some sort of plan
Cuz you need something to do with your hands
I've seen them break the black dirt in the yard
I've heard them working 'neath the hood of your car
They fix the leaky pipe under the sink
Easy to see they can do anything

(Chorus)
Boy you better not be too tired when you get home tonight
Please understand
I've got this burning deep down in my soul that's got me longing to hold
Onto my man
And if you need something to do with your hands
Uh uh oh
Uh uh oh
If you need something to do with your hands
Uh uh oh

Follow the candles when you walk through the door
Just drop your coat and keys on the floor
Cuz I've been cooking up something so fine
And I just might be wearing something you like

(Repeat Chorus)

Do-do do do
Do do-do do
Do-do do do
Yeah

When you kiss me
Kiss me slowly

And if you need something to do with your hands
Uh uh oh
Uh uh oh
If you need something to do with your hands
ooh ooh

If you need something to do with your hands
yeah yeah
If you need something to do with your hands ooh
