Getting Closer

Nitzer Ebb

One step, two steps
Getting closer, getting closer
Let them believe me
Let them wonder if I lieLet them believe me
Let them wonder if I lie
Let them believe me
Let them wonder if I lie, yeahI know what you buy
But I'm not selling
I know what you buy
I'm not gonna tryYou never take
You think that you're just right
You never did
That just rightIs it good?
Done for you
Is it good?
Done for youYou're gonna miss out
Done for you
You're gonna miss out
Done for you
You're gonna missI've got to say that it hurts
I've got to say that it hurts
I've got to say thatOne step, two steps
Getting closer, getting closer
Let them believe me
Let them wonder if I lieLet them believe me
Let them wonder if I lie
Let them believe me
Let them wonder if I lie, yeahI know what you buy
And it's wall to wall
I know what you buy
And you know just what you want
Just what youWho said it matters?
What's missing?
You're gonna miss itWho said it matters?
What's missing?
You're gonna miss itWho said it matters?
What's missing?
You're gonna miss itI've got to say that it hurts
I've got to say that it hurts

I've got to say that
