

Diggy Down

Ll Cool J

Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Diggedy down, down just look around, my world is goin' down
Disease is spreadin' everywhere, I can cannot be found
This, the season for murder isn't no reason
To hurt another brother but temptation is so pleasin'
And every alley-way, they're gettin' high
On playgrounds they're sellin' crack and every day another baby dies
Pistol whippin', kidnappin', anything can happen
Diggedy down, diggedy down with Old Trafford
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Young people, with no education
Politicians, deny and segregation
Young infants, deserted and abandoned
Step parents, lack in understandin'
Homelessness, all across the land, war, man against man
Treachery and evil fillin' our communities and all these hypocrites
Aiy yo, they're stealin' from our charities
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down

People are gettin' hurt, people are gettin' hurt up
People are gettin' done, people are gettin' done up
People are gettin' hurt, people are gettin' hurt up
People are gettin' done, people are gettin' done up
People are gettin' hurt, people are gettin' hurt up
People are gettin' done, people are gettin' done up
People are gettin' hurt, people are gettin' hurt up
People are gettin' done, people are gettin' done up

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Diggedy down, down just look around, my world is goin' down

Disease is spreadin' everywhere, I can cannot be found

This, the season for murder isn't no reason

To hurt another brother but temptation is so pleasin'

And every alley-way, they're gettin' high

On playgrounds they're sellin' crack and every day another baby dies

Pistol whippin', kidnappin', anything can happen

Diggedy down, diggedy down with Old Trafford

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Many poisonous chemicals and, boom

Many devilish goals are up, soon

No love where loves' ya dwell in

Mother earth transformed into hell an'

Ice, murders, conspiracy and, schemes

Young boys will reveal their, dreams

Handguns in the hands of the young

And dis all this paranoia

Yo, there's much slugs for everyone

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Down, down, diggy, diggy, down, down

Down, down, diggy, diggy, down

Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
We need to rise
As if we live with our eyes
Stay away from the hate
Before it's too late
We go
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down
Down, down, diggy, diggy, down
We got to rise
