

Fought the Blues and Won

The Deslondes

I never knew
All the things that I could do
No one told me when I was young But now that I know
I'm raring to go
Today I fought the blues and I won Today I fought the blues and I won
Today I fought the blues and I won It might hit you from all sides
Or right between the eyes
Keep on going though the bell's been rung
But if you know what's right
You must be prepared to fight
So today I fought the blues and I won Today I fought the blues and I won
Today I fought the blues and I won
Today I fought the blues and won
Today I fought the blues and I won Today I fought the blues and I won
Today I fought the blues and I won
