

Stay With Me Jesus

Guster

1945 was the year I was born
My mother died but left behind a son
You stayed with me, Jesus, yes, You showed the way
You flew down from Heaven to steal me away
1959, two cars collide
9 in the crash and 1 survived
You stayed with me, Jesus, yes, I'll testify
You flew down from Heaven to keep me alive
Hallelujah 1985, I missed a plane
Which then disappeared
(Never seen again)
You came to me, Jesus, stood right in my way
You flew down from Heaven to save me again
Everywhere I go, they run in fear
This mortal coil, the end is near
You've stayed with me, Jesus, bow my head and pray
You've come down from Heaven to keep me safe
