Funny Feeling

Mother Tucker's Yellow Duck

All I asked was for your hand
Love was in demand
How was I to understand?
Then you told me how you feel
It was so unreal
Guess, it's time for me to reveal
The way I feel
Gotta funny feeling, that you don't even
Even love me
Don't love me
Gotta funny feeling, that you don't even
Even care
You don't care
We assured each other at the start
Forever in our hearts
You and I would never part

Then you told me how you feel
It was so unreal
Guess, it's time for me to reveal
The way I feel
Gotta funny feeling, that you don't even
Even love me
Don't love me
Gotta funny feeling, that you don't even
Even care
Gotta funny feeling, that you don't even
Even love me
Don't love me
Gotta funny feeling, that you don't even
Even care
You don't, and I don't
We don't know
