## Elmer Food Beat

Black is the night  
Black as my heart  
Dark hours since we've been apart  
A voice in the wind  
Keeps calling your name  
Veronique  
November came  
And with it died our love  
Leaves fall down  
Clock's chiming  
Please come back my darling  
One love  
The letters I write  
I never shall mail  
The world is gray  
Wrapped in a veil  
No step on the stairs  
  
No one rings the bell  
For Veronique  
November came  
And with it died our love  
Tears fall down  
Clock's chiming  
Don't leave me my darling  
One love  
The letters I write  
I never shall mail  
The world is gray  
Wrapped in a veil  
No step on the stairs  
No one rings the bell  
For Veronique  
Veronique
