

No Second Chances

Outbreak

It's by your side, it won't go away, it's there to haunt you night and day. Took a wrong turn and now you're fucked, gonna lose your mind, gonna self destruct. You want to go back, but there's no way. Your head's in your hands and it's there to stay. Your vision's faded, you can't fucking see, 'cause that thing called regret won't leave you be. It'll break you down, it'll tear you up, is this nightmare over or did it just start? It doesn't matter what you do, second chances aren't given t
