Remy Zero

Today, moving downwards
Through my finger, fades tomorrow But wait for me 'cause lines are forming
And words get clearer now
I'll borrow them from you
'Cause it's all I can do, yeah, yeah Today, they shine like Jesus
And light of millions face our sorrows But wait the lines are forming
And words get clearer now
I'll borrow them from you
'Cause it's all I can do Cracked, charred, charred
You can't communicate
Dumb, dumb, dumb
Dumb, dumb, dumb Cracked, charred, charred
You can't communicate
Dumb, dumb, dumb
Dumb, dumb, dumb Stop mumbling
Wasted art, wasted art
