

Twisted Logic

Atrophia Red Sun

Sunlight opened up my eyes
To see for the first time
It opened them up And tonight rivers will run dry
Not for the first time
Rivers will run Hundreds of years in the future
There could be computers
Lookin' for life on earth Don't fight for the wrong side
Say, what you feel like
Say, how you feel You'll go backwards
But then you'll go forwards again
You'll go backwards
But then you'll go Created then drilled and invaded
If somebody made it
Someone will mess it up And you are not wrong to
Ask who does this belong to
It belongs to all of us You'll go backwards
But then you'll go forwards again
You'll go backwards
But then you'll go forwards You'll go backwards
But then you'll go forwards again
You'll go backwards
But then you'll go forwards
