

# One More Night

Stacy Lattisaw

Remember the first time that I saw you  
I felt your eyes touch me  
I tried everything I knew, babe  
Tryin' to get next to you, babe  
But I'm not the same girl anymore Suddenly I couldn't live without you  
Chased after you from shore to shore  
You left me young and lonely  
I guess I wasn't your one and only  
No, I'm not the same girl anymore I'm not the same sweet girl  
Who fell for your disguise  
Believe your pretty eyes, she left here long ago I'm not the same sweet girl  
You thought would never change  
Bet you never thought I'd say goodbye  
(I'm not the same girl)  
I'm not the same girl  
I'm not the same girl anymore  
I'm not the same girl  
I'm not the same girl anymore I remember the night you took me dancin'  
I wore the nicest dress in town  
But all I did was sit and watch you  
Pick up every girl you talked to  
But I'm not the same girl anymore Any time you were bored, you'd always call me  
And like a fool I'd always be there  
But I've broke the spell I'm under  
And I've even changed my number  
'Cause I'm not the same girl anymore I'm not the same sweet girl  
Who fell for your disguise  
Believe your pretty eyes, she left here long ago  
I'm not the same sweet girl  
You thought would never change  
Bet you never thought I'd say goodbye  
(I'm not the same girl) I'm not the same girl  
I'm not the same girl anymore  
I'm not the same girl I'm not the same girl anymore  
I'm not the same girl  
(Oh, no)  
I'm not the same girl anymore I'm not the same sweet girl  
Who fell for your disguise  
Believe your pretty eyes, she left here long ago I'm not the same sweet girl

You thought would never change  
Bet you never thought I'd say goodbye  
(I'm not the same girl)I'm not the same girl  
I'm not the same girl anymore  
I'm not the same girl  
(No, no)  
I'm not the same girl anymoreI'm not the same girl  
(Oh, no)  
I'm not the same girl anymore  
I'm not the same girl  
(Oh, no)  
I'm not the same girl anymoreI'm not the same girl  
(Oh, no)  
I'm not the same girl anymore  
I'm not the same girl  
(No, no, no)  
I'm not the same girl anymoreI'm not the same girl  
(I'm not)  
I'm not the same girl anymore  
I'm not the same girl  
(Oh, no)  
I'm not the same girl anymoreI'm not the same girl
