Woman On the Run

Hank Williams, Jr.

Not gonna be another notch on your gun
It's plain to see that your a woman on the run
Say you came from Louisiana and your headed for Alabam
You heard I'm a living legend and there's not to many aroundWhat your looking for in your eyes
You came to the right place to find
I knew some day that you were bound to come
Woman on the run.A Mississippi highway is lonely place to be
And I know if you could have your way
you'd have your way with me
Outlaw women have always got me by
I'm in love with you and your kindWhat your looking for in your eyes
You came to the right place to find
I knew some day that you were bound to come
Woman on the run.
