One Flight Down

Norah Jones

One flight down
There's a song on love
And your mind just picked up on the sound
Now you know that you're wrongBecause it drifts like smoke
And it's been there playing all along
Now you know
Now you knowThe reeds and brass have been weaving
Leading into a single noteIn this place
Where your arms unfold
Here at last you see your ancient face
Now you know
Now you knowThe cadence rolls in broken
Plays it over and then goesOne flight down
There's a song on love
And it's been there playing all along
Now you know
Now you know
