

The Aging Man (Acoustic Version)

The Great Discord

Guiding your hand
Leave me I like
The quiet, the calm
Good wished, leave me cold
So, let me be
(The) Time I have left
I'll spend alone,
down in the darkness It's guiding my end
Leave me, I like
The quiet, the calm
Good wished, leave me cold
So, let me be
(The) Time I have left
I'll spend alone,
down in the darkness My retribution
gives absolution
I will find you
(Satan)
I will pull you down with me My retribution
bring absolution to your soul, your soul Sinking your teeth into my best plans
Bringing your feet down on my last stands
Looking up into lights above
I see you looking into my eyes As above
So below
this you know you're free to go
Guiding your hand
Leave me I like
The quiet, the calm
Good wish is, leave me cold
So, let me be
(The) Time I have left
I'll spend alone,
down in the darkness
It's guiding my end
Leave me, I like
The quiet, the calm
Good wished, leave me cold
So, let me be
(The) Time I have left

I'll spend alone,
down in the darknessMy execution
Brings absolution to your soul, your soul
Your soul!
It's dead!

As above So below
This you know
you're free to go
(SO BELOW)
(BURNING FLAMES)
(SO BELOW)
(BURNING FLAMES)
