

Lost It to Trying (Radio Edit)

Son Lux

What will we do now?
We've lost it to trying
We've lost it to trying What will we do now?
We've lost it to trying
We've lost it to trying What can we say now?
Our mouths only lying
Our mouths only lying What can we say now?
Our mouths only lying
Our mouths only lying Give in and get out
We rise in the dying
We rise in the dying Give in and get out
We rise in the dying
We rise in the dying Give in and get out
We rise in the dying
We rise in the dying Give in and get out
We rise in the dying
We What will we do now?
We've lost it to trying
We've lost it to trying What will we do now?
We've lost it to trying
We've lost it to trying
