

Bearded Lady

The Colour

You cast your charms into the blue
Oh, their broken arms opened for you
Circus creatures they march to their own tune
Bearded lady shell understand youHey, no, hey, hey, whats left to hang on to?
Hey, no, hey, hey, whats left to hang on to?
Is all thats leftSink your ships into the deep
Oh, there's a mermaid lips ever so sweet
Serpent gardens, no place for the poor boy
Siren tides in, washed up with no shoreHey, no, hey, hey, whats left to hang on to?
Hey, no, hey, hey, whats left to hang on to?
Hey, no, hey, hey, whats left to hang on to?
Is all thats left
