

To Write A Symphony

Vaux

Tried to write a symphony
But i seemed to have forgotten the melody
Tried to have it all
Tried to conduct this orchestra
But the strings didn't work out quite right
Tried to have it all

The meter is all used up
And i don't know if i can ever leave this time
Long-hand letter
Lick the stamp that's sent to you
As fields afar fly by car windows
Springtime dreams of green
Make an old time friend a new time lover.
