

Beast

Karen O

Oh my only
I like the male
I love the beast
He knows me Oh be decent
Could all these songs
Seem awesome
For a reason Try, you find
You find
You find Oh my passing
My heart was never interested
In lasting Oh find
You find
You find
You find Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
Did you hear enough
