

# Sleepwalking

Kittie

Watching me fall  
Into the flames  
Of a broken soul tonight  
No stone overturned  
This graveyard of mine  
Allows me no peace[CHORUS]  
Sleep as day dies  
Sleepwalk with the dead  
Wander aimlessly through the nightLove and regret  
Course through my veins  
As I slowly fade away  
Please let me sleep  
Just one last night  
Before I must wake  
And I walk with these ghosts[CHORUS]And I walk with these ghosts  
And I walk with these ghosts  
And I walk with these ghosts...[CHORUS]Sleep as night falls  
Sleepwalk with the dead  
Hope keeps me alive  
Through this life
