

Blues for Mama

J.J. Cale

Blues for mama

Blues for mama It just seems wrong to sing this song
'Cause she's not here where she belongs Blues for mama
Blues for mama Rest her soul, she's grown so cold
Her touch is like the winter snow Blues for mama
Blues for mama She went away only yesterday
I couldn't help, what can I say? Blues for mama
Blues for mama Blues for mama
Blues for mama She made her run
She can't be done
She's the only one Blues for mama
Blues for mama
