Bonzie

Kids
Run along, run along
Read my lips
There's nothing wrongExpose internal mess
I kept at rest
To make it
StopCome, watch the sky with me
We were brought in with such possibility
I am home now, now I am
FreeMake up your mind to break
The bond between your will
And what you will doI never start a fight
Or be the one
To make it
Stop
StopCome, hang above the street
Everyone get home, and get relief
It's not right, it's not right
To be
Free
Free
