## Beirut

The lines are on board  
It's quiet offshore  
But the wind blows  
The children are here  
But the women just stare  
From the windows  
See the lawns outside  
Groomed green lawns  
Oh, how they glow  
And I spotted you there  
With curlers in hair  
On the telephone  
And I longed for you  
Yes, I long for you  
Oh, I'll move for you  
Yes, I'll move for you  
Years spent round on the foyer  
As the maid sweeps dust  
And leaves from the back door  
My heart could be yours  
Within dreams we're free  
But you'd always ask for more  
So I'll move for you  
Yes, I'll, I'll move for you  
Oh, I'll move for you  
Oh, I'll move for you
