Bottle Rockets

Face to Face

Thought that I'd be strong enough for both of us
And you had given up
Is there anybody strong enough for you
She said she's scared of waking up
She's realized it's all been a mistake
She didn't have to be afraid
But you walked out on me
It doesn't really matter what you said
'cause I've tried
To turn this water into wine
It doesn't have to be so hard to understand
The things that we should do
I know I made it difficult for you
She said I couldn't give enough
To make her feel the way she wanted to
This doesn't have to be so hard
But you walked out on me
It doesn't really matter what you said
And I tried
To turn this water into wine
It takes time
Its not that way
T here are several different answers here
But you just walked away
