

# Maad (Produced By Kano And Fraser T. Smith)

Kano

I got my iPod banging on the back of the bus  
Back of the bus  
Back of the bus  
I got my iPod banging on the back of the bus  
Back of the bus  
Back of the bus  
I got my iPod banging  
Bass-line slamming  
A milli a milli  
Or Bob Marley 'Jammin'  
Late 'cos of fashion  
I'd rather be cool  
I got my Stan Smiths  
And now I want a new Porsche  
Prince like Aladdin  
Don't blame me for stabbings  
I just like the volume louder than average  
Louder than average?  
I'm too cool for school  
That's why I film myself and throw it up on youtube  
I got my iPod banging on the back of the bus  
They think we're all mad  
They think we're all mad  
I got my iPod banging  
Touch or a nano  
Louis case headphones  
Yeah thats my ammo  
Back to the world  
Facing the screens  
Eyes gone square while playing the Wii  
Misunderstood but I don't give a fffff  
Look at my face am I bothered  
I'm just doing me  
So you should do you  
I'd rather be mad  
'Cos mad can be cool  
They think we're all mad  
They think we're all mad  
Hilton's all around

Rebel against the world  
But they're the smartest ones  
They brainwashed everybody else  
They blame them in society  
Like they're the ones who kill  
But your the ones who's mad  
If you can't see it for yourselves  
They think we're all mad  
They think we're all mad  
I've got my iPod banging on the back of the bus  
I've got my iPod banging on the back of the bus
