No Mercy

L.A. Guns

Come on Jane, I wanna hold ya tight, yeah
Give ya love, make you feel alright, yeah
I say the things that you wanna hear
I'm gonna whisper in your earShow no mercy
Show no mercy
Show no mercyBut, did you think you were the only one?
Just a victim of a love and run
Lonely heart and a woman in black
I broke your heart and I ain't coming backAnd I'm sorry, if I broke your dream
Watch your life come apart at the seam
I know it ain't fair
I broke your heart, yeah, yeahShow no mercy
Show no mercy
Show no mercyI'll be standing in the shadows of loveHey yeah, so I'm indiscreet
Shattered dolls and a fait accompli
I wonder why, why I keep up the chase?
I'm just a fool for a pretty faceShow no mercy
Show no mercy
Show no mercy
