No Mercy

L.A. Guns

Come on Jane, I wanna hold ya tight, yeah Give ya love, make you feel alright, yeah I say the things that you wanna hear I'm gonna whisper in your earShow no mercy Show no mercy Show no mercyBut, did you think you were the only one? Just a victim of a love and run Lonely heart and a woman in black I broke your heart and I ain't coming backAnd I'm sorry, if I broke your dream Watch your life come apart at the seam I know it ain't fair I broke your heart, yeah, yeahShow no mercy Show no mercy Show no mercyI'll be standing in the shadows of loveHey yeah, so I'm indiscreet Shattered dolls and a fait accompli I wonder why, why I keep up the chase?
