Such a shame

No Fun at All

All that I hear doesn't feel right
Don't call me till you're all right
I listened and I heard but don't tell me
La da de da, la de da, la de da
Once in a while he says, "Goodnight"
Will I care if sometimes he is right?
What a shame, it's the same each day
La da de da, la de da, la de da
Oh how I tried!
I just sat and then I cried, oh
Maybe I'm wrong
Or will I find out when I'm gone?
There is so much fun in my leisure
Don't bother me, man, just stay there
If it's a sin, I'll convert me astray
La de da, la de da, la de da
Come home with me
It's not a shame for you to see
Oh, let it be and you'll miss reality
