Glee Cast

When I think of home, I think of a place Where there's love overflowing I wish I was home, I wish I was back there With the things I've been knowing Wind that makes the tall grass bend into leaning Suddenly the raindrops that fall have a meaning Sprinkling the scene makes it all clean Maybe there's a chance for me to go back Now that I have some direction It sure would be nice to back home Where there's love and affection Then just maybe I can convince time to slow up Giving me enough time in my life to grow up Time, be my friend (Let me start again) Let me start again Suddenly my world has gone and changed its face But I still know where I'm going

(Where I'm going)
I have had my mind spun around in space
Yet I've watched it glowing
If you're listening God, please don't make it hard to know
If we should believe in the things that we see
Tell us, should we try and stay? Or should we run away?
(Should we stay?)

Or would it be better just to let things be?
Living here in this brand new world

(Brand new world)

Might be a fantasy, whoa

(Fantasy)

But it's taught me to love so it's real, real, real to me
And I've learned we must look
Look inside our hearts to find
Yeah, a world full of love
(World full of love)
Like yours, like, like, like home
