

All I Have

Amerie

I feel so unsure
Traveling, you opened your door
Your eyes glistening
Silly me, I'm already missing you And this is all I have
All I have to give, all I have to give
This one last kiss
I know it's not enough
Though our love will never end
One more touch is all I have, all I have You said that we'd forever be in love
And you showed me life like I never knew
Things I never even dreamed of
But your smile just don't seem the same
And when you tell me you feel it too
I'm not sure who's to blame, 'cause I gave everything And this is all I have
All I have to give, all I have to give
This one last kiss
I know it's not enough
Though our love will never end
One more touch is all I have, all I have I can't believe
This love is leaving me, love is leaving me
And I can't believe
What we've come to be, what we've come to be And I wish I could make it like it used to be
Can't believe I'm through loving you
And you're through loving me, you
And in the middle of my final tears
You call out my name, my name
You cried out my name
But it could never be the same
'Cause this is all I have And this is all I have
All I have to give, all I have to give
This one last kiss
I know it's not enough
Though our love will never end
One more touch is all I have, all I have And this is all I have
All I have to give, all I have to give
This one last kiss
I know it's not enough
Though our love will never end
One more touch is all I have, all I have And this is all I have

All I have to give, all I have to give
This one last kiss
I know it's not enough
Though our love will never end
One more touch is all I have, all I have And this is all I have
All I have to give, all I have to give
This one last kiss
I know it's not enough
Though our love will never end
One more touch is all I have, all I have
