O Maybe I

Chapel Club

Oh maybe I
Should settle down to the quiet life
Or maybe I
Should chance it all on a perfect nightCan't you see that sounds cynical?
These desicions, they're made with the hate
I just can't go through it again
Nobody asked you to darling
I just can't pretend that I care
Who ever thought that you did?Oh maybe I should settle down and be dignified
Or maybe I should risk it all on a wrong goodbye
What do you mean I sound cynical?
Can't you see this is more than a grudge
Oh I just can't go through it again
She said nobody asked you to darling
I just can't pretend that I care
Who ever thought that you did?
I just can't go through it again
She said nobody asked you to darling
I just can't pretend that I care
Who ever thought that you did?
I just can't go through it again
Nobody asked you to darling
I just can't pretend that I care
Who ever thought that you did?
Who ever thought you did?Maybe I should take a bit while the fruit's still ripe
Or maybe I should fuck around with someone's wife
Is it strange I sound bitter
When I can feel my heart is falling apart?
I can feel my heart is falling apart
