

Manic

Plumb

She breathes in
She breaths out
She wakes up
And lays down
She can hardly speak
And so she screams

I won't give again
'Cause she takes it so often

Nothing I say will wash it away
I'm standing in the pouring rain
You say it won't happen again
You're manic, manic
There's a chemical in your brain
It's pouring sunshine and in rage
You can never know what to expect
You're manic, manic

She loves you
And hates you
You break down
She feels good

She will bleed from insecurity
When will she heal from this
I love her still

Nothing I say will wash it away
I'm standing in the pouring rain
You say it won't happen again
You're manic, manic
There's a chemical in your brain
It's pouring sunshine and in rage
You can never know what to expect
You're manic, manic

She's got everything, You want
She's every little thing, You're not, Yeah

Nothing I say will wash it away
I'm standing in the pouring rain
You say it won't happen again
You're manic, manic
There's a chemical in your brain
It's pouring sunshine and in rage
You can never know what to expect
You're manic, manic

Nothing I say will wash it away
I'm standing in the pouring rain
You say it won't happen again
You're manic, manic
There's a chemical in your brain
It's pouring sunshine and in rage
You can never know what to expect
You're manic, manic
