

# Spread a Little Love On Christmas Day

## Destiny's Child

It's beautiful outside and the wind is whistling  
I look outside my window as I see my neighbor's Christmas tree  
The snow is falling, my spirit's feeling happy  
I'm feeling even better 'cause I got my family next to me I gotta thank my Lord, thank you Lord  
Thanks for what I have, thanks for what I got  
I couldn't ask for more, wouldn't ask for more  
God I am so glad, thanks for what I got Some think I am blessed just because of the  
Amount written on my check not because of the  
Amount of my happiness is the reason  
Why I am so blessed  
Having me a merry Christmas  
Feliz navidad  
And having me a merry Kwanzaa  
Happy Hanukkah, so I'm gonna Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Somewhere high up in the sky my Santa Clause is coming  
With Donner, Dancer, Prancer, Vixen, keeping Randolph coming  
He's bringing goodies, to the ghettos and the hoodies  
To mansions and suburban places and apartment kiddies Representing Houston, Texas  
ATL, Illinois ladies  
Chillin with Rosie O'Donnell  
Having a good time, we clownin' Some think I am blessed just because of the  
Amount written on my check not because of the  
Amount of my happiness is the reason  
Why I am so blessed  
Having me a merry Christmas  
Feliz navidad  
And having me a merry Kwanzaa  
Happy Hanukkah, so I'm gonna Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day  
Spread a little love on Christmas day
