

# Whisper

## Islands

By the time you hear this song I'll be gone

You can't sing along

So don't try

No, don't try

Don't try

Don't try You could leave and out of earshot I whisper that you're mine

Or you could stay and hang around we'll wither on the vine I tried to say the things that I can't say so never mind

I know it seems some times it seems as though I never try

But don't cry

Don't cry

Don't cry

Don't cry

You could leave and out of earshot I whisper that you're mine

If you could stay and hang around it withers on the vine

And my love it comes so easily but easy don't last long

If it's right where it needs to be then where did it go wrong?

Though I don't know why

I know I loved you
