White Sea

Shame like dirty pebbles
Kick them like a pro
Leaving a warm bed for
For the cold unknownGang of kids, me and friend
He slips inside me, slips a fence
No need to tell me how this ends
A soup of naked and quietnessAnd does this ever end
Can I stop, can I stop the want
For anyone in my bed
Anyone, anyone I can fuckNaked in Paris, naked in Perth
It's just the lover inside
Bleed a stone to please me
I'll walk on fucking sunshineGang of kids, me and friend
He slips inside me, slips a fence
No need to tell me how this ends
A soup of naked and quietnessAnd does this ever end
Can I stop, can I stop the want
For anyone in my bed
Anyone, anyone I can fuckAnd does this ever end
Can I stop, can I stop the want
For anyone in my bed
Anyone, anyone I can fuckDoes it ever end
Does it ever end
Does it ever end
Does it ever end
Does it ever endAnd does this ever end
Can I stop, can I stop the want
For anyone in my bed
Anyone, anyone I can fuckAnd does this ever end
Can I stop, can I stop the want
For anyone in my bed
Anyone, anyone I can fuck
