Daydreamer

Young the Giant

It's a full moon at midnight
Running fast out of time
It's a feeling you can't describe
Floating past the pale skylightAnd you look reflective
But you're so disconnected
Just think about it
What's really on your mindFor you I would steal time
Suspicious, suspiciousYou're a daydreamer oh oh
And it's the same thing over and over
We're running for our lives
In a slip dream oh oh
You wake up someday
And you realize
You were dreaming all the lies
You forget, you forgetIt's so affected
That color corrected night
But you're falling fast
In plastic skies
And you look reflective
So disconnected
It's not real life
Open your eyes and breathe
Everything's in its right place
When nothing in gold can stay
Just tell me, you know my faceYou're a daydreamer oh oh
And it's the same thing over and over
We're running for our lives
In a slip dream oh oh
You wake up someday
And you realize
You were dreaming all the lies
You forgetWhen the moon light's high
You couldn't describe
Our losing skies
We jut might die
But we feel so aliveYou're a daydreamer oh oh
And it's the same thing over and over
We're running for our lives
In a slip dream oh oh

You wake up someday
And you realize
You were dreaming all the lies
You forget
