Oxygen

Hoku

Baby tell me is this good for you
'Cause for me it's a dream come true
I think about you both day and night
If this is wrong I don't care if I'm right
'Cause I know one thing's for certain
Boy I'm not hurtin' for inspiration
And I feel when we're together
It could be forever and ever and ever
I wanna be the ocean to your shore
Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath
Is this as good as I think it is
'Cause I can feel it boy when we kiss
And there's nothin' more that I would ever ask for
Than to be with you, just to be with you
'Cause I know one thing's for certain
Boy I'm not hurtin' for inspiration
And I feel when we're together
It could be forever and ever and ever

I wanna be the ocean to your shore
Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath
What you give you will receive
So baby bring it all to me
And I will warm you like the sun
I always knew you were the one, yeah
I wanna be the ocean to your shore
Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath
I wanna be the ocean to your shore
Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath
I wanna be the ocean to your shore
Give you comfort evermore

I wanna be the only thing you need
Be the oxygen you breath
